I knew Tiffany's spare bikini was too big for me. What can I do?

Here, loser, we don't have a second one so you're gonna have to make due.

Thanks, Tiffany, but it's fine. I can get by with just this.

Um, Tiffany, aren't we a bit too far from the Shore?

Thanks, Tiffany, It's funny before you would try to expose and humiliate me instead of hiding me.

Oh sorry I didn't mean it like that.

It's fine. This way we can still enjoy the water and you can still hide your tiny butt.

I... um... I'm not exactly proud of how I used to be. I really don't like thinking about it

HA HA HA
Is she really serious?

Hi, Mrs. Fay, so um... Tiffany got a little careless and... well she kinda needs your help now.

Today was so fun. Especially deep sea diving. I almost can't believe you got naked like that. I almost drowned laughing.

END IS NEAR

Hey you were naked too. Can't let you have all the fun. But I did get careless. Still really fun. But it's still early. I'm having too much fun to leave.

Finally. Time to show everyone what a real body boarding queen looks like

PFFT Whatever. Stupid machine is probably broken.

AAAHHHHH

HUh Either way everyone liked it. Maybe because I'm so pretty.

GASP
